Practical Strategies for Meaningful Community Engagement in Clinical Trials

March 23, 2023, 12 – 1 PM

Manya Magnus, PhD, MPH

Professor & Interim Chair
Department of Epidemiology
Milken Institute School of Public Health
The George Washington University

Add this Zoom webinar to your calendar to learn about practical and effective methods for working with communities to **enhance diversity and representation in clinical and epidemiologic research.**

Zoom info: <https://gwu-edu.zoom.us/j/95545662312?pwd=bnpGaS9NdGZwc0k4dTJmZG4rZ2JMQT09>

Meeting ID: 955 4566 2312
Passcode: 295713

Meaningful inclusion in clinical and epidemiologic research is essential in order to generalize findings to all populations. And yet it can be hard to know exactly what to do when starting a study to engage communities effectively. Please join this discussion to learn practical approaches to community engagement for clinical and epidemiologic studies based on work in HIV and COVID-19 prevention.

Save the dates for more learning opportunities:

April 27, 12 – 1 PM: “Innovation & Entrepreneurship” with Andrew Dauber, MD, and Tim McCaffrey, PhD

June 2, 1 – 5 PM: “Mock Grant Review”

KL2-Special Interest Group Event
