

# Responsible Conduct of Research

# Responsible Conduct of Research Involving Animals

**Learning Objective (s):** 

- 1. Understand the regulatory controls for animal research
- 2. Active steps to maintain quality of animal studies using strong ethical standards and open communication

## Tarik Haydar, PhD Wolf-Pack Chair of Neuroscience

Wolf-Pack Chair of Neuroscience Director, Center for Neuroscience Research Children's National Hospital

#### **About the Seminar**

As a condition for receiving federal funding for health research training grants and career development awards, federal funders (including NIH, DOD, and NSF) mandates all participants in training grants to receive training in RCR.

Visit <a href="mailto:ctsicn.org/RCR">ctsicn.org/RCR</a> to learn more about RCR Training Requirements.
